## Force Starts After White Women Carried Off By Aborigines

### Tragic Story of Killing of Crew Is Told

(Copyright, 1924, by United Press Associations)

MELBOURNE, AUSTRALIA, July 19.—(By the Associated Press.)—A native boatman taking his coasting skiff into the harbor at Port Darwin, chattered a tale of the kidnapping of white women by blacks which blanched the faces of his hearers and drove Australians to arms and a rescue expedition, although the tragedy took place more than a year ago.

The government has authorized the administrator of the northern territory to enlist volunteers, and arm a strong relief force to go into the fearsome, unexplored islands adjoining the rugged north coast in search of Mrs. James Willets and her daughter who were carried off by aborigines, upon the end of the kidnapping of white women by blacks which blanched the faces of his hearers and drove Australians to arms and a rescue expedition, although the tragedy took place more than a year ago.

The last seen of the unfortunate mother and daughter, who is believed may long since have died, was as they disappeared into the brush surrounded by their black captors who shook spears and threatened to kill the women if black native witnesses to the tragedy attempted rescue.

The steamer Douglas Mawson disappeared in March, 1923, and was listed as lost by Lloyd's. The fate of the vessel's crew was unknown until by chance the native crew of a small coasting boat recently visited some islands adjacent to the wild, almost uninhabited coast of the northern territory.

The inland region of these islands never had been penetrated. They are believed to consist of practically waterless deserts.

From blacks who live on the slopes near Cape Willeboer, the native boatman heard for the first time the story of the end of the Douglas Mawson. It appeared it appeared he had been trading in the gulf just before the disaster. The shipwrecked party made their way to the beach in a small boat. Subsequently, a large force of black aborigines, a fierce tribe from out of the bush, of whom the blacks that lived along the shore were judged inferior, rushed upon the survivors.

The males putting up what resistance they could, were impaled on the spears with huge spears, and later buried. Two women, wife and daughter of James Willets, a passenger on the Douglas Mawson, were spared. When the slaughter was over, the blacks moved off into the bush, taking the women.

Once, when a searching party of natives would have intervened, the aborigines made signs they would spare their captives to death if a rescue were attempted or if the women made any effort to signal their plight to passing vessels.

Representative Nelson, from the northern territory, yesterday urged Premier Bruce to send armed men to search for Mrs. Willets and her daughter in the hope they may yet be rescued. The government authorized the enlistment of volunteers, and the reinforcement of the northern police for a strong force will be necessary.

The crew of a Japanese steamer and a Malay crew recently were murdered in the same locality.

### Hughes Gives Approval Of Dawes Plan

SOUTHAMPTON, ENG., July 19.—(By the Associated Press.)—Premier Hughes, in his views regarding the Dawes plan, Charles Evans Hughes, American secretary of state upon his arrival here today aboard the Berengaria, said: "American sentiment is very strongly behind the Dawes report and I now stand and we believe that prompt execution of that report is of the greatest importance."

In an interview Secretary Hughes emphasized that his visit to England was unofficial and personal. Regarding the Dawes report, however, he declared:

"We are very much interested in having it put into execution. We hope it will be found possible to have that effect given to it at an early date. We consider it affords a sound basis for the economic recuperation of Europe."

Asked whether he considered the Dawes plan could be modified and yet have the full effect which he apparently hopes for it, Secretary Hughes replied "that's a discussion into which I'm afraid I cannot enter."

MOUNT GEIKIE SCALED

MONTREAL, QUE., July 19.—(By the United Press.)—For the first time Mount Geikie, the 10,854-foot peak of the Rampart Range in Jasper Park, Alberta, Canada, was reached by man on July 14, when V. L. Frank, noted mountain climber of St. Louis, Mo., and a companion, reached the highest part of the mountain.

### Wheeler Accepts Second Place On LaFollette National Ticket

Consul General

### SHOP UNION DECLARES FOR THIRD PARTY

DETROIT, July 19.—(By the Associated Press.)—Senator Robert M. LaFollette's presidential campaign will be given the unanimous support of the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, it was announced at the union's headquarters.

WASHINGTON, D. C., July 19.—(By the Associated Press.)—Senator Burton K. Wheeler, of Montana, Democratic proponent of the senate Daugherty committee, today announced his acceptance of second place on the independent presidential ticket headed by Senator Robert M. LaFollette.

Although he previously had declared he would not accept such a designation Mr. Wheeler yielded and reversed his decision after he had been urged to do so by Senator LaFollette and by several of his principal advisers.

A special committee from the group of LaFollette followers in conference here called on the Montana senator yesterday and formally tendered his endorsement of the conference for the vice presidency. He promised to reply today and he did so soon after he reached his office.

"I will accept the nomination," was his first terse announcement of the decision. Then he turned to the preparation of a formal statement setting forth his position to the country and replying to the formal offer extended him by the LaFollette leaders.

"I am a Democrat, but not a Wall Street Democrat," he said in a letter formally accepting the nomination tendered him by the group of LaFollette leaders in conference here.

"The Democratic party," he continued, "has failed to furnish an appropriate remedy for present public ills, and both it and the Republican party have ignored the call of the unorganized millions who are the victims of the present economic disorders."

Several days ago Senator Wheeler announced he could not support John W. Davis, the National Convention, and both it and the Republican party had ignored the call of the unorganized millions who are the victims of the present economic disorders.

### Probe of Defunct Company Is At A Standstill

COLUMBUS, O., July 19.—With Governor Denney and Attorney General C. C. Grubb both out of town today, the investigations concerning the relations of certain officials of the state "Blue Sky" Department with the insolvent Ohio Industrial Endowment Company as charged by Mr. Grubb was practically at a standstill. The only development was a letter from County Prosecutor John King to the attorney general, promising an immediate investigation of the company, which is in the receivers' hands, by the Franklin county grand jury. The grand jury convenes here Monday.

Louis W. Josephson, Columbus attorney, charged with embezzling \$92,000 from the endowment company, maintained his silence today upon the charges which have been brought against him. He is at liberty under \$25,000 bond.

Joseph T. Ferguson, state examiner, who disclosed the discrepancies in the endowment company, reasserted that certificate holders in the company will receive nearly seventy cents on the dollar but that stock holders will not receive anything.

GAS REDUCED IN SEVEN STATES

NEW YORK, July 19.—Gasoline was reduced one cent a gallon today by the Standard Oil Company of New Jersey, in Maryland, West Virginia, North Carolina, New Jersey and Washington, D. C., and half a cent in Virginia and South Carolina. This makes the tank wagon price 17 cents in New Jersey, Virginia and South Carolina. The Texas company and the Gulf Refining company met the cut.

### MAJOR ROBERT IMBRIE DIES AFTER ATTACK ON PARTY BY THROG, BEFORE FOUNTAIN

LONDON, July 19.—(By the Associated Press.)—British officials today confirmed the death of Major Robert Imbrie, American vice-consul in charge at Teheran, Persia, who, it was stated, was attacked by a fanatical mob yesterday morning while photographing a public fountain in company with another American named Seymour.

Major Imbrie died during the afternoon, while Seymour, who it was impossible to identify further, was taken to a hospital in a critical condition.

LONDON, July 19.—A dispatch to the Evening News from Teheran, Persia, states that Major Robert Imbrie, American "Consul" there, died as the result of a severe beating administered by a mob. Another American, it is said, who was with Major Imbrie, was taken to the hospital after being seriously wounded.

Other advices from Teheran had it that the "American Consul with his Oriental secretary" were photographing a public fountain when a mob suddenly attacked them. It was said that the American official was killed and his secretary and several policemen injured.

Earlier dispatches from Washington announced that Mrs. Imbrie had reported to the State Department the death of Major Imbrie, vice consul in charge at Teheran. The official confirmation came from the Legation.

Another American named Seymour, who was under tacit arrest for conviction by a consular court, was with Imbrie and was badly hurt, the State Department cable said.

The Americans were set upon by an infuriated mob of natives when they attempted to take photographs of a number of maimed persons seeking a cure before the sacred spot.

One of the first steps to be taken by the State Department is, expected to be an inquiry for the purpose of establishing if the Persian police tried to protect the Americans.

A vigorous protest is fully expected to be dispatched to the Persian government in the near future. Officials would not state definitely if they had.

### Where Was Franks Boy Slain? Upon That May Depend The Fate Of Youthful Chicago Slayers

(By Edward C. Derr)

(United Press Staff Correspondent)

(Copyright, 1924, by United Press)

CHICAGO, July 19.—(By the United Press.)—Where was Robert Franks killed? That is the question which the United Press is asking today. The answer may determine the fate of the youthful Chicago slayers.

Leopold and Loeb, although making full confessions of their crime, at no time have told just where their victim, Clarence Darrow's child, was killed. Clarence Darrow, chief defense counsel, told the United Press. As a matter of fact, Darrow said, the defendants do not know just when and where the Franks boy died.

There were no witnesses to the murder. The state has only the signed confession of the slayers as testimony of how and where they killed their victim. According to their confessions, this is what happened:

They met Robert Franks and took him for an automobile ride through the exclusive residential section of Chicago's south side.

Within a few minutes after Robert Franks was killed in Cook county, the case is no longer under the jurisdiction of Cook county.

And if the case goes to another Illinois county or to an Indiana court again, it will be impossible for the prosecution to prove where Robert Franks met death, the defense claims.

### DAVIS IN MAINE FOR REST; PLAN FOR ORGANIZATION OF DEMOCRACY TO GO FORWARD

ON BOARD ROCKLAND EXPRESS, ENROUTE FOR ISLEBORO, MAINE, July 19.—Having selected his campaign manager, Clem Davis, of New York, and his journey, Mr. Davis had an hour's steamer trip to Dark Harbor, with a transfer there to a power yacht for the short run to Seven Hundred Acre Island.

While Mr. Davis is there, his campaign manager will go forward with the completion of the campaign organization along plans which have been worked out at conferences among the nominee's managers and a number of party leaders.

There is to be a central board of strategy, directing organizations in the four main sections of the country. Assisting Mr. Davis also will be the former chairman of the national committee.

While his notification will take place in his native town, Mr. Davis has yet to decide where his permanent headquarters will be established. He said today this would depend upon what place would be the most convenient and where the national committee sets up its principal establishment.

New York Favored

Close friends of the candidate, however, believe that the final selection will be New York City, where he has made his home since the termination of his political career.

President Coolidge will not be notified formally of his nomination until a week after the exercises at Clarkburg. Both ceremonies will take place at night so that the vast audience over the country may listen in without interruption.

During his stay at the Gibson home, Mr. Davis will not devote his time wholly to work. There will be frequent rounds of golf and the nominee may try his hand at deep sea fishing. That would be sport in rough and choppy seas, but Mr. Davis is what is known as a good sailor, having known the agonies of seasickness but once in his life.

Shaver On The Job

With Mr. Shaver now actively on the job, the nominee has laid aside for the time being at least, the cares of campaign organization. He has no engagement to confer with party leaders while in Maine, but will, of course, receive any who may call on him.

Mr. Davis is accompanied by his close friend and confidential adviser, Frank L. Polk, under secretary of state in the Wilson administration and they have discussed political matters during part of the trip, but Mr. Polk is making the journey for the purpose of joining Mrs. Polk and the children who are spending the summer at Dark Harbor, Isleboro.

### C. of C. Appeal For Lorain Is Withdrawn

COLUMBUS, July 19.—The appeal of the Lorain Rehabilitation Committee to the Chambers of Commerce of cities outside of Ohio for help for Lorain has been withdrawn by the committee, it was announced today by Fred A. Miller, chairman of the Lorain Relief Commission.

Miller said the appeal had been issued with the sanction of Richard P. Grant, president of the United States Chamber of Commerce, but he had consent to the appeal and had obtained with understanding the American Red Cross approved the appeal. He said when Grant learned the Red Cross did not approve of the appeal he directed the committee to notify all Chambers of Commerce to cease activities. He is said to have threatened to issue an order himself if the committee continued its activities. Telegrams were sent out by the committee countermanning the appeal, according to Miller.

The Miners' Union at Buffalo, today sent \$50 to the commission and a local union at Walhonding contributed \$100.

### Auto Theft Ring May Be Uncovered

EAST ST. LOUIS, ILL., July 19.—(By the Associated Press.)—Leslie Paul Lemon, 26, formerly of Williams, Illinois, is a federal prisoner in the city jail here, and Ray N. Shaver, 28, of St. Louis, telegraph operator at Brooklyn, Illinois, for the Wabash Railroad, is in the custody of St. Louis authorities following an investigation into alleged automobile theft rings in Southern Illinois and St. Louis.

Lemon was arrested when found in possession of cash belonging to R. W. Barnes, of Sikeston, Missouri. Charges against Lemon include theft of clothing in Williams, Illinois, forgery in Dexter, Missouri, and bank robbery in Van Deusen, Missouri, besides violation of the Dyer act.

Thirteen automobiles have been recovered and six others identified, authorities stated.

### Exorbitant Price Paid For State Brick Plant Is Charge; 3 Scandals On At Columbus

COLUMBUS, O., July 19.—(By the United Press.)—Three so-called "State Scandals" hobbled up today, marring materially the placidity of pre-primary political activities in Ohio.

In no instance did the cry of "scandal" go unchallenged, and in no case did the challenge modify the force of the cry.

All the excitement attaches to three episodes:

1. A charge by the Republican state headquarters that the state was "badly stung" when the Democratic welfare department agreed to buy a brick plant at Roseville from the Tri-County Brick Company, for \$35,000, which, according to the allegation, is \$17,000 too much, as the plant could have been bought a year ago for \$18,000.

To this the welfare department replied today that the brick plant was a "good buy" at \$35,000; that the deal would be completed, and that the welfare department had no close personal friends connected with the Tri-County Company, as charged.

2. The declaration of Attorney General Crabbe that the state secretary of division is corrupt and his demand for a grand jury probe.

Crabbe has brought this charge repeatedly during the last year. It came out first when the big Hollings Company and many of its subsidiary organizations collapsed. This time it comes as a result of the failure of the Ohio Industrial Endowment Co., and the arrest of its former vice president, Lewis W. Josephson, on a charge of embezzling approximately \$100,000 of the company's funds. Crabbe believes that if the securities division functioned properly it would prevent such losses. Franklin county Prosecutor King will decide early next week, he said today, whether to call a grand jury investigation of the "Blue Sky" department.

Crabbe is a Republican. His charge brought a statement from Governor Donahay, Democrat, in which the governor declared that if "Crabbe has anything on any member of this administration, I want him to go ahead with his investigation. If any man appointed by me has accepted a cent of graft, I want to be the first to help put him in the penitentiary."

The "Blue Sky" department denied Crabbe's charges flatly, describing them as "Political Animus."

3. Episode Number Three involves the so-called "convict swindle." W. N. Smith, of the State Bureau of Criminal Identification arrested Evan Reed, brother of Rev. T. O. Reed, penitentiary chaplain, charging that he had accepted money for "his influence" in getting convicts out of prison.

Another Reed brother, Edwin, who is a candidate for the Republican nomination for lieutenant governor, challenged Smith today "to produce the facts, lay the cards face-up on the table." Reed charged Smith is "playing to galleries" and declared, "we're ready to go to bat, now, the sooner the better."

### LaFollette Has Hopes Of Making C. W. Bryan The Next President

By Robert T. Small

(Copyright, 1924)

NEW YORK, July 19.—A change in the attitude of the leaders of the two old parties toward the LaFollette movement in the last 24 hours has given the senator from Wisconsin a much more prominent position in the coming canvass. If this sort of "strategy" on the part of the Democrats and Republicans is continued, Mr. LaFollette will find them rendering him far greater assistance than he ever had any reason to expect.

Senator LaFollette has no thought of winning the Presidency for himself. He has thought, however, of stirring up considerable trouble for both the elephant and the donkey and apparently in this ambition he already is having notable successes.

The Republicans now are taking the ground that the LaFollette movement is a "menace" to the country. The "menace" consists of the possibility that Mr. LaFollette may obtain a sufficient number of electoral votes to prevent either Calvin Coolidge or John W. Davis from getting the necessary majority in the electoral college. This would throw the election of a president into the present house of representatives. It has been figured that a deadlock would ensue there. Thus it would devolve upon the Senate to select a Vice President, who in turn would become President just as if there had been a death or other cause of vacancy in the office.

The Republicans further figure that the LaFollette strength in the Senate would go to Gov. Charles W. Bryan, the Democratic nominee for Vice President, rather than to General Charles G. Dawes, the Republican nominee. Only these two could be voted for and the coalition of Democrats and radicals Republicans would vote the selection.

By addition to his interest in the Post, Mr. Tammen possessed a private fortune estimated at \$5,000,000. Mr. Tammen is survived by his wife, Mrs. Agnes Tammen, and a brother, Frank Tammen, of Denver, Ill., with his partner, Fred G. Bonfils, formerly owned the Kansas City Post. They also were former owners of the Sells-Floto Circus.

Mr. Tammen had been ill about four months. About three weeks ago he was operated on at Johns Hopkins Hospital at Baltimore, Maryland, and returned Monday in the private car of J. Ogden Armour, a close personal friend.

### Auto Hits Lightless Truck; Man Is Killed

SPRINGFIELD, O., July 19.—(By the Associated Press.)—William Kirkendall, lineman of Richmond, Ky., was instantly killed last night near Xenia, when a coupe in which he was riding collided with a motor truck and driver. Charles H. Patterson, of Dayton, also in the coupe, escaped injury.

Harry Gockler, of Jamestown, and his half brother Sherman Baker, are held in the county jail at Xenia, pending investigation. Gockler is said to have admitted that the truck was being driven without lights.

### Don't Get Fat If You Would Be President, Advice To Boy Scouts

NEW YORK, July 19.—(By the Associated Press.)—"If you would be president of the United States, don't get fat."

United States Senator Royal S. Copeland, of New York, gave this advice to 2,000 Boy Scouts in camp on Bear Mountain.

"Keep your bodies fit and lean," he told the Scouts, "for the day of the election, man with the 50-inch girth, is gone."

"The reason is simple," he continued. "The public now knows that men are not born fat and that obesity is due to being too indolent, and to personal weakness in being unable to keep trim."

Logically, voters think that if a man is too lazy to care for his own health, he will be too lazy to care for the public business. So if you would run up a big vote, keep down your waist line."

## Black Gold Carried Top Weight In Derby

ASHLAND, Ky., July 19.—Assigned to top weight, 126 pounds, Black Gold ruled favorite in the field of five three-year-olds entered for the inauguration of the Raceland Derby at the new Raceland course near here today. Bob Tail, Altwood, Post-Dispatch and Phidias had an impact of 115 pounds each.

With triumphs in the Louisiana, Kentucky, Ohio and Chicago Derbies to his credit, Mrs. R. M. Hoots' colt already has tied the record of Gladiolus, made in 1903, for four classics won in a year and victory today would give him a new record.

The race carried a purse of \$5,000 and was over a mile and one quarter distance.

Altwood had been figured by turf observers to furnish the strongest opposition to the Hoots colt.

## Mysterious Green Circle Man Will Make His Appearance Tonight; Identify Him, Get \$25

The stage is all set for tonight and the Mysterious Green Circle Man is just waiting for the hour of 8 o'clock to make his appearance on the down town streets.

Somewhere in Portsmouth is going to win the \$25 in cash for keeping on the lookout for this Mysterious Green Circle Man and being the first to identify him.

Between 8 and 9 p. m. the Mysterious Green Circle Man will be wandering through the crowds within a radius of three blocks from Fifth and Chillicothe streets.

Somewhere is going to recognize him by means of the small green

circle with up to him and say, "You are the Mysterious Green Circle Man with the \$25 in gold," and collect the \$25 at the office of The Portsmouth Morning Sun and The Portsmouth Daily Times.

The contest is open to everybody. The rules are simple but in order to make him acknowledge his identity, you must obey instructions as have been given you for he wants to be caught but will use all his ingenuity to catch you up on the form of salutation. He's a stickler for form and any old greeting like "hey, there Green Circle" will not do. You've got to say "You are the Mysterious Green Circle Man with the \$25 in gold."

and you will have to get it all out before he gets away from you, so don't make a mistake in the excitement of seeing him.

The Mysterious Green Circle Man will be wandering around in the crowd tonight, between 8 and 9 o'clock within a radius of Fifth and Chillicothe streets waiting for some one to step up to him and take him into custody. He will accompany the one fortunate enough to correctly identify him to the Sun-Times office where the \$25 will be awarded. All you have to do is to keep your eyes open and remember the salutation:

"You are the Mysterious Green Circle Man with the \$25 in gold."

## Plan To Raise \$1,500 In County For Lorain

Plans for the raising of \$1,500 for Lorain relief in the rural sections of Scioto county in addition to \$5,000 in the city will be laid Monday night when a joint session of the executive committees of the various Granges and the Scioto County Farm Bureau is held at the office of the Farm Bureau at 7:30 o'clock.

Secretary Dan VanGorder of the Farm Bureau issued a call for the meeting yesterday following a conference with Col. F. A. Hunter and E. H. Kiser of Columbus, who are representing the State Relief Association. It is hoped that plans will be worked out whereby the \$1,500 can be raised in about three days.

## Evidence Concluded In Rickey Trial; Arguments Will Be Made Next Tuesday

Special To Times  
DETROIT, Mich., July 18.—Evidence having been concluded in the trial of E. W. Rickey, federal prohibition officer, charged with murder, an adjournment was taken until next Tuesday when the arguments will be made. Judge A. Z. Blair, who is defending Rickey, left last night for his home in Portsmouth. He will return here Tuesday. Mr. Rickey and his family will remain here until after a verdict is returned in the case.

Portsmouth witnesses testify for Mr. Rickey were P. S. W. Moulton, George Sheppard, prosecuting attorney Asaiah Shelton, E. G. Hood, Frank Bennett, S. A. Stewart, J. H. Minney and Rev. A. K. Murphy.

DETROIT, Mich., July 18.—The prosecution Friday began Rickey for his failure to investigate Kat's death. Under severe cross-examination and grilling Rickey admitted he had called Harry Dickson, division chief of prohibition officers, and remarked "there's dead man up here."

Attending the trial of the prohibition officer, Mrs. Kat's mother of the ship boy became hysterical at the mention of her son's name. Giving vent to her pent up emotion the mother sobbed and cried and had to be led from the court room by her other son, Paul.

The last witness called Friday was Thomas Wilcox, an acting agent in the department of justice who told of the investigations that had been made, some by Kalis, and others

being under instructions from Washington. Two prosecution witnesses, he said, who had previously testified they had gone to the Kat's home to buy cigars, had been told in an interview that they had gone to the Kat's home to buy whiskey.

Wilcox also told of questioning Paul, brother of the slain boy, and how "when" first asked about it, he cried: "Oh, don't accuse me of murdering my own brother!" Wilcox said that Paul never was charged with the crime, but that during the trial officers told of seeing him run out of cellar, useless. Just after the fatal shot had been fired.

In their testimony, Glenn P. Thayer, a federal agent, and Harry Yost, a state trooper, both absolved Rickey of the shooting.

Rickey's testimony revealed that he had been a deputy sheriff in Portsmouth, Ohio.

## AGRICULTURAL NOTES

Anticipating questions on when to meet with C. T. Holman, Louis Lang, and how to handle soybean hay John E. Rapp, Mrs. J. W. Spriggs, in Ohio, the crops department at Mrs. John Willey and D. M. Hoots, the Ohio State University is holding most of the Extension Board of the printed matter of the Extension Farm Bureau, next Monday evening at these and other questions. "Say" at the Farm Bureau office at the means may be cut for hay at the request of Governor Donahoe to time between the fall bloom stage complete an organization to raise which usually comes between July 15 and August 15, and the stage when the leaves begin to turn yellow, some four to six weeks later. The county have already accomplished low, some four to six weeks later. C. J. ed much of their work along this line, and the rural sections will be cording to Mr. Willard, yield, ease, expected to soon finish the amount of curing and quality of hay will be mainly determining the time to cut. The largest yield obtainable at one cutting is secured by cutting when the leaves are yellow. In one typical test at the use of all funds turned over for this University, these were the results:

When cut July 25 at full bloom, yield was 3700 pounds an acre; cut August 8 with pods well formed, 5700 pounds an acre; cut August 15 with beans half grown, 6500 pounds an acre; cut September 12 with one-fourth of the leaves yellow, 7400 pounds an acre. The bulletin from which these statistics are taken, may be obtained free by writing to the State Agricultural College. It contains much valuable information on growing soybeans and discusses, in many of the difficulties encountered with this crop.

Jacob Hammerstein sold to Portsmouth grocers this week a load of honest-to-goodness "rousting ears" of soybeans. According to local grocers, this is among the first home grown corn to appear on Portsmouth markets.

Otto Zoellner, manager of the Farmers Service Company, Tenth and Waller streets, reports he is getting a very much better price for potatoes for the Portsmouth Potato Growers Marketing Association this week. Market conditions, according to reports from Columbus and acreage of soybeans in the state, reported, "there is a decrease of 2 percent in the potato acreage of the state. Ohio produced 14,000,000 pounds of wool this spring. Scioto county has fewer sheep than any county in the state.

## Arrested Here

CHILICOTHE, O., July 19.—Vernon Larue, former street sweeper operator, who some time ago was released here, following his arrest on charges of issuing a bad check, has been re-arrested in Portsmouth, where he is being held for an officer from this place.

Larue, it is charged, failed to live up to the promises made when he was released on bond here, to make the check good.

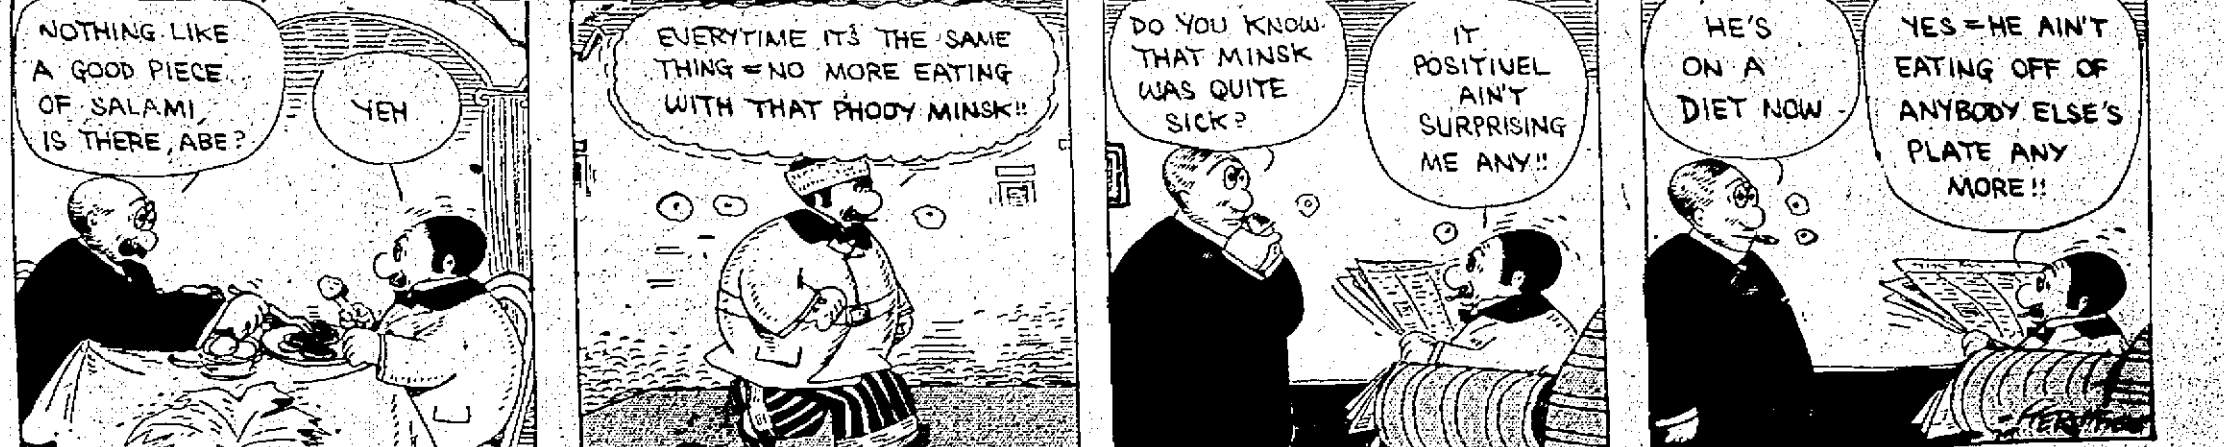

Returns Home  
Attorney John P. Phillips of Chillicothe, who has been in Portsmouth for a brief business visit, has returned home.

Return To Home  
Judge and Mrs. Benney Jones of Jackson have returned home after a brief visit with local friends and relatives.

St. Louis advanced to sixth place over the heads of the Banerfoot Braves by hammering out a ten-to-four victory. Boston has lost six of its last seven games and promises to continue its losing streak until its manager leaves the hospital.

## Arrests Follow Auto Collision In Ironton; One Man Badly Hurt

IRONTON, Ohio, July 18.—(By The United Press.)—Merriman, driven by Tommy Murphy, clipped the fastest mile of the season in the Free-For-All race, the feature event of the Gelaway Day at the Grand Circuit meet here. The time was an even two minutes. Sir Roci won the event.

The auto accident was the most serious of recent months in Ironton. The Huntington party, composed of Willis, Sam Doss, driver and owner of the wrecked Moon touring car, T. R. Dooley and Guy Bolts, were en route to Zanesville, Ohio, and were alleged to have been traveling west on Second street at a fast rate of speed, when their car collided with one driven by Jeff McIntyre, of this city.

At the hospital the three were rested by Chief of Detectives Patterson and Officer A. H. Vernett, of Huntington. The two officials related their story to local police, who are holding the Moon car for damages resulting from the wreck.

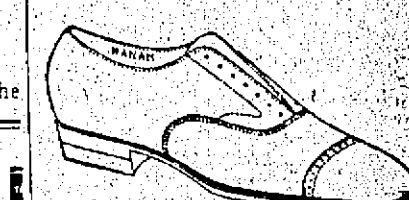

Willis, Doss, Dooley and Bolts are charged by Huntington police with being connected with two oil-station robberies there Thursday night. The trial started at the Park Hotel, Huntington, when the manager reported to police that four men left Friday morning without paying for their night's lodging. The officers traced their men to Ironton and, upon boarding of the auto wreck, visited the scene and concluded the Moon car had carried the guilty parties. An arrest was at once effected and the three injured men returned to Huntington for investigation.

 to end the life of their victim. When they reached a quiet point along the country road near Hessville, Ind., they prepared to address Robert and put the finishing touches on their crime.  
 Here it was, according to their confessions, that they found for the first time that Robert was dead.  
 Whether he died a few minutes after he was stricken on the head or whether he died after they crossed the state line into Indiana, no person is able to tell, Darrow holds.

Finding that death had come sooner than expected to their victim, Leopold and Loeb drove back into Illinois and concealed the body under a railroad culvert near the Chicago city limits.  
 Since their confessions do not state where Franks died, they are not conclusive evidence that Franks was killed in Indiana, according to Darrow. If the boy was assaulted in Illinois and died in Indiana, the case belongs to an Indiana court.  
 But if the case were transferred from Chicago to Gary or some other Indiana city, it would be just as impossible to prove that Franks died in that state, the defense insists.

 was charged last night by Republican state headquarters in Columbus.  
 According to the charges made at headquarters, Welfare Director John H. Harper purchased a brick plant from the Tri-City Brick Company for \$35,000. The deed to the property was recorded July 9 at Zanesville.  
 It was charged that the incorporation of the company from which the state made the purchase, include many personal and political friends of Director Harper, and that the company did not obtain title to the plant until after it had opened negotiations with Harper for its purchase. It was said also that the company was organized November 9, 1923, after the election of Governor Donahoe.  
 The incorporators were W. L. Crowley and O. K. Barrett, Roseville, and D. B. Kelley, Arthur L. Rowe and H. D. Bordin, Columbus. Rowe is a nephew of Joseph McGhee, former attorney general, a Democrat, and Helen D. Barrett is a stenographer in Mr. McGhee's office. McGhee and Harper are life-long friends and according to the story told at Republican headquarters.

 in selecting his services to the government as ambassador to the court of St. James. Sub-headquarters probably will be established with district headquarters in convenient locations in the east, north, west and south.  
 Definite plans for carrying the fight to the country will not be laid down until after the organization machinery has been perfected, but it is fairly well settled that Mr. Davis will make a long speaking tour, beginning probably early in September.  
 Assisting the candidate and working independently of him will be a number of seasoned campaigners, including Governor Alfred E. Smith, of New York, and other state governors, senators, representatives and a number of other chieftains. These campaigners will operate in every state under a program which the national organization will work out.

## Society

Miss Margaret Barber of Seventh street left today for a visit with her cousin, Miss Alberta Barler at King's Mills.  
 Miss Nan Murphy, head of the millinery department at the Anderson department store, has gone for a two weeks' motor trip through Michigan.  
 St. Donald, the four year old son of Mr. and Mrs. Frank Moon of Oak land avenue, is recovering from an operation which he underwent for the removal of tonsils.  
 GO SLOW, THERE!  
 AKRON—Police have been ordered to arrest all automobile drivers who exceed 25 miles an hour.

## Prohibition Fight Will Be Carried to Heathen Lands; Pussyfoot Going to Egypt

WINONA LAKE, INDIANA, July 19.—(By the Associated Press)—William E. (Pussyfoot) Johnson, whose one glass eye bears mute evidence of his sacrifice in England to the cause of world prohibition, in an address prepared for delivery today at the session of the World League Against Alcoholism, announced he will leave in a week to establish headquarters in Cairo, Egypt.  
 Mr. Johnson, in the address, discussed the prospects for prohibition in non-Christian lands.  
 "There are in the world," he said, "approximately six hundred million people who have been taught to talk abstinence as a religious principle for 1,200 years. When America went dry these Oriental people were stirred to their depths. They said that America, the greatest Christian power in the world, has not only accepted the Oriental teaching as to drink, but has actually incorporated them into her fundamental law."  
 "And so there are springing up in the Orient societies and organizations looking to the extension of the Christian propaganda for worldwide prohibition. Already in India more than 400 prohibition societies have been formed.

## La Follette

(Continued From Page One)  
 "The Democrats are using the same sort of logic in the interests of Mr. Davis. They say that if the conservatives of the country are afraid of Governor Bryan, there is but one way possible to keep him out of the White House and that is to vote so heavily for Davis and Bryan that Mr. Davis will win without the necessity of the election going to Congress for a decision. It also is argued that Mr. Davis is a young and vigorous man and has every chance in the world to serve out not only one term, but two. The Democrats are urging that if the conservative vote for Coolidge the election is sure to go to Congress."  
 Thus the strategists have floundered the situation and it is small wonder that the forces back of Senator La Follette are laughing up their sleeves. A sudden

## Endurance Test Ends; Law Withstands Ordeal

**YES, BENNY WILL NOW GET A BATH AND A SHAVE**  
**Splendidly; Sleeps In The Bein Building Tonight**  
 At 3 o'clock this afternoon the long endurance test between Benny Law, 24-year-old racing driver, and the Maxwell touring car came to an end. Both came through the 100 hour ordeal in fine shape. Law was sore and stiff as he was helped from the car into the waiting Emrick ambulance which conveyed him to his hotel, where he was given a bath and freed from his four days' growth of beard.

During the last hour of his drive many cars joined in the parade about town, finishing at the new home of the F. & M. Motor Co., on Gallia street, where hundreds of people had gathered to see the driver removed from the car to which he has been subjected since Tuesday morning at 11 o'clock.  
 Following a shave and bath, Benny was scheduled to sleep in the Bein building Gallia street, until midnight tonight, during which period the general public will be admitted to look at him. Law's manager, Jack Cook, will be present to answer any questions about the driver, and his rest at midnight Law will be returned to his hotel for uninterrupted sleep. The driver's manager reports that Law's physical condition is excellent.  
 The good Maxwell car which Law drove gave him no trouble, averaging 20 miles to the gallon of gasoline.

## TALK OF MERGERS, REFUSAL TO LOWER RATES ON GRAIN, CAUSES UPWARD MOVEMENT OF RYS.

NEW YORK, July 19.—Railroad shares resumed the leadership of the upward movement of stock prices this week after an early period of irregularity which apparently marked the correction of a weakened technical position. Buying of the rails was influenced by talk of mergers and the

decision of Interstate Commerce Commission denying farmers a reduction in freight rates on grain.

More than two score railroad shares established new peak prices for the year during the week, including Southern Pacific, Northern Pacific, the Rock Island, "Katy," Missouri

Pacific and Wheeling and Lake Erie preferred issues. New Haven, Great Northern preferred, Pere Marquette and Chicago and Northwestern. First official confirmation of reports that a merger of the Erie, Pere Marquette and "Nickel Plate" properties was under consideration, came after a con-

ference of O. P. Van Swearingen with the Pere Marquette officials in which plans for a consolidation through an exchange of stock were outlined.

Steel shares lost ground on the publication of a relatively poor quarterly earnings report by Republic, and rumor questioning the safety of

the Bethlehem Steel common dividend. Extension of gasoline and crude price cuts and the omission of the dividend on Sinclair common brought a flood of selling orders into the oil shares, but they steadied later in the week on reports that pro rating in the mid continent field would be ab-

olished about August 15.

Revival of speculative interest in the copper shares was based on assumption that the reparations conference now in session in London probably would stimulate European consumption of the red metal, and the increased demand for silver, which has steadily appreciated in value in

recent weeks.

Unfavorable dividend rumors also accounted for the weakness of Stewart-Warner and some of the other motor accessory issues. Sugars were inclined to heaviness on unfavorable trade reports. Pool operations were in evidence throughout the day, being aided by a continuance of easy mon-

NEW YORK, July 19.—Stock prices displayed a firm tone at the opening of the nation's stock market, which was featured by a renewed demand for the railroad shares. Seaboard Air Line preferred, advanced to a new

1924 high but the initial gains in this and most other issues were small. Good buying also was noted in the coppers and oils.

Rails continued to lead the advance, additional new high records being established by Rock Island common, Missouri Pacific, Southern Pacific, Kansas City Southern, Wheeling and Lake Erie common, Chicago Great Western, Nickel Plate preferred, Liggett and Myers "B" and General Electric, the last named climbing 3/4 to 24 1/2. Con Edison advanced 3 points, International Harvester 3 1/2 and American Water Works common and Goodyear preferred 1 1/2 each. Fresh weakness cropped out in Stewart-Warner, which dropped 2 points, and Atlantic Refining, off 1. Foreign exchanges opened firm.

outstanding feature of today's brief but active stock market. Industrials showed more uniform strength with exceptionally good buying noted in the rubber and Pacific Coast oils. Buying of the rails, which embraced both the high grade and non-dividend paying issues was based on speculation of larger earnings or possible increase in dividends in the common stock of some of the large systems and the completion of some of the mergers reported to be under way. Rubbers moved up on rumors of an early upward revision of tire prices. Con Edison, General Electric, International Harvester, and Dupont sold 2 to nearly 4 points above yesterday's final prices. The closing was strong. Sales approximated 500,000 shares.

# NOTICE

## Electric Light and Power Users

In order to place in service part of the new equipment in our New Boston power plant, it will be necessary to interrupt service partially for a few minutes as noted below:

Sunday July 20th, 2:00 a. m. to 2:20 a. m., Twenty Minutes

Monday, July 21st, 2:00 a. m. to 2:10 a. m., Ten Minutes

These interruptions will affect all electric customers in Portsmouth west of Norfolk Avenue (the N. & W. Railway Shops).

## Portsmouth Public Service Co.

### OBITUARY

**Henry Fisher**  
Henry Fisher, aged 52 years, passed away Friday morning at 8 o'clock following a two months illness with cancer of the stomach. Death came as a great relief after seven weeks of intense suffering. ### Thief Visits Morgan Home

A burglar was frightened away from the home of Dr. H. H. Morgan, John street, last night about nine o'clock, when Mrs. Trium Morgan, a niece of the physician, walked into the kitchen of the home, seeing the man in the dining room. Mrs. Morgan screamed and the man fled through a back door, making good his get-away.

The thief had been in the house for several minutes, it is believed. Dr. and Mrs. Morgan and a number of guests, and members of the family were in the front part of the house at the time. The thief removed a sliding screen from a side rear window and climbed in through the window. Opening a back screen door, he propped it open with a flower pot.

The dining room was ransacked and the thief took a small amount of change from Mrs. Morgan's pocketbook.
